WORK EXPERIENCE

UA Digital Solutions | UX/UI Designer & Web Developer | [Link](#) **December 2021 - Present**

- As A UX/UI Designer And Web Developer At UA Digital Solutions, I Led The Redesign And Development Of Multiple Websites, Enhancing User Experience And Integrating Modern Design Trends.
- I Crafted Visually Appealing, User-Friendly Designs And Translated Them Into Fully Functional, Responsive Websites That Met And Exceeded Client Expectations.
- My Role Involved Close Collaboration With Development Teams To Ensure Seamless Integration And Performance Of The Designs I Created, From Concept To Launch.

Moon Star Seeds Store | Junior Graphic Designer **January 2021 - November 2021**

- As A Graphic Designer At Moon Star Seeds, I Designed Engaging Social Media Posts That Effectively Showcased The Brand And Attracted Audience Attention.
- My Role Involved Collaborating With The Marketing Team To Create Impactful Social Media Campaigns That Resonated With Our Target Audience.

PROJECTS

College MasterMind | [Link](#) **May 16, 2024 - Aug 17, 2024**

- Redesigned And Developed A Modern, Responsive Website For College Master Mind Using WordPress Elementor, Enhancing User Engagement, Online Visibility, And Effectively Showcasing Services To Support Business Growth.

UA Digital Solutions | [Link](#) **March 5, 2024 - May 10, 2024**

- Redesigned A Modern, User-Friendly Website For College Mastermind Using Figma. The New Design Improved Navigation, Clearly Presented The Company's Services, And Included Features To Support Students Through The Admissions Process, Enhancing Overall User Engagement And Experience.
